A STITCH IN TIME

Armore People Should not Neglect
Their Kidneys.

No kidney ailment is unimportant. Don't overlook the slightest backache or urinary irregularity. Nature may be warning you of approaching dropsy, gravel or Bright's disease. Kidney disease is seldom fatal if treated in time, but neglect may pave the way. Don't neglect a lame or aching back another day. Don't ignore dizzy spells, irregular or discolored urine, headaches, weariness or depression. If you feel you need kidney help, begin using the reliable, time-tried remedy, Doan's Kidney Pills. For 50 years, Doan's have been found effective. Endorsed by grateful people.

L. A. Burch, carpenter, Marietta, Okla., says: "Several years ago I used three or four boxes of Doan's Kidney Pills, and I can say that this medicine did me more good than any other I ever used. I was cured of a dull ache across my kidneys and my system was toned up. There has not been the slightest return of the trouble."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Burch had. Foster-Milburn Co. Props., N. Y.

PROSPERITY IN THIS STATE: BUSINESS IS IMPROVED

Oklahoma City, Sept. 12.—Oklahoma's corn crop for 1915 is 72 per cent above the six-year average. Oklahoma's wheat crop for 1915 is 73 per cent above the six-year average.

Oklahoma's oat crop for 1915 is 76 per cent above the six-year average.

The figures have been prepared by John Fields from a careful examination of reports, both public and private from all parts of the state. They are doubtless accurate. The figures, coupled with the constantly improving condition of cotton, makes an epic in the annals of the state as a farming community. They adumbrate great prosperity, and what is more important, a full smoke-house and granary. The farmers who produced these crops this year will be able to live at home and ride to town in automobiles. They will place pianos and victrolas in the parlors and send the big boys and girls to college. The mortgage will be lifted and the money lender will be sad, for his interest will cease.

Oklahoma corn will be ripe for a month. The government estimate of Sept. 1 made the crop 123,000,000 bushels. The August estimate was almost twenty million below that figure. It shows the ability of the crop to come back on years like this. Only one year since the settlement of Oklahoma has the corn crop been bigger.

Production of the kafirs this year in Oklahoma will not be less than 75,000,000 bushels. These crops showed a condition on Sept. 1 of '92, as compared with 78 for a nine-year average.

The oat crop will be 35,700,000 bushels. It is the highest ever made in Oklahoma.

Oklahoma sees no occasion for hesitation about going ahead with the business plans that have been under consideration. The state is full of salesmen and the real estate offices are getting busy. The price of land is going up and the old-time boomer is again on the job. Every cotton farm that is worthy of mention has produced all the feed forage and food-stuffs that will be needed until another harvest time. Every farm that is noteworthy in any community has diversified and the gardens and vineyards and orchards have supplemented the big fields in a manner that makes living a very minor matter in all the expanse of good country between Red river and the Kansas line.

PETRIFIED BODIES ARE FOUND NEAR CREEK

Depew, Okla., Sept. 12.—The eastern anthropologists who recently searched for Indian relics in Tulsa should have visited the upper Spring creek locality, near the northwestern end of the Depew oil field and inspected the so-called petrified human remains, very abundant, on a ridge a short distance from the residence of Arthur Wilson. The two caves in the banks of the creek that are filled up with sand, deserve exploring by antiquarians.

Bradford Knapp, Senators Owen and Gore and the international president have been secured for addresses on Farm Women's Day.

TROTTER FUTURITY HEADS RACE EVENTS

The speed program in the harness and running races should please patrons of horse racing at the ninth annual Oklahoma State Fair.

Monday, Tuesday, Thursday and Friday will be devoted to this sport, with a card of two running and two harness events each day except Friday, when the free-for-all trot will be an added feature.

On Thursday, Derby day, in addition to the Oklahoma derby, the trotting futurity of the Kansas and Oklahoma circuit with a purse of \$1,000 will be run. There are 22 entries in this classic.

Entries have been received for some of the best horses in the west and visitors are assured some striking races.

DRILL TEAMS COMPETE ON FRATERNAL DAY

Monday, September 28, has been designated as Fraternal Day at the Oklahoma State Fair.

Camps and lodges all over Oklahoma affiliated with the Associated Fraternities of Oklahoma City, which is an organization of the state governing board of fourteen lodges will attend. Arrangements have been made for competitive drills open to all teams of fraternal orders in the state.

First and second cash prizes will be awarded to winners in three classes: teams of men only, women only and men and women.

The sergent of fraternal orders in Oklahoma may be readily seen in that the Modern Woodmen have a membership of over 35,000, while the Woodmen of the World have fifty-seven drill teams in the state.

STATE FAIR AMUSEMENT FEATURE.

Dallas' New, novel and up-to-date, with splendid attractions as features, describes the Amusement Park offerings at the 1915 State Fair of Texas, which begins in this city Saturday, October 16.

C. A. Worsham, who is at the head of this big carnival attraction, has achieved a national distinction for producing clean, entertaining and wholesome shows.

Among the prominent ones for the State Fair may be mentioned the society horse show, where no less than seven trained and educated horses are the participants in a monster program, headed by Miss Essie Fay and her equine paradox, "Arabia," the horse with a human brain.

Then there is the Hippodrome, the Mecca for all those who enjoy circus and wild animal acts. Here Mile, La Rose, the intertid trainer of seven lions, will show them off to a real advantage. Other features will prove entertaining in the extreme and well worth seeing, whilst, in addition, there will be an extensive menagerie filled with strange and curious animals, reptiles and birds from all parts of the globe.

The auto stadium is a place where thrills will be produced at the rate of one per second. Here four riders, one of them a woman, Mile, Marie, late of the vivandiere of the Chasseurs D'Afrique of the French Army, will drive high power racing autos around a perfectly perpendicular wall, flirting with death at every performance. Mile, Marie and three other riders attempt the globe of death at one and the same time and their performance is hair-raising to a degree.

The Miracle Girl with Miss Etta Louise Blake in the title role is an exceptionally good attraction, devoted to mystery, mirth and music. The poses will be found to be most artistic, the singing and other spectacles refined, and the big spectacle, "Pharaoh's Daughter," exceptionally interesting and worth while.

Among the other features may be mentioned Zeita and her tango queens, "Neptune's Daughter," with Miss Lillian Cooley, famous swimmer, in the leading role; the Philippine Midgets, Princess Carite, a diminutive entertainer; A Trip to Mars; Crystal Tangle and Crazy House.

Mr. Wortham brings to the State Fair a high-class musical organization—the famous Jameson Band of forty trained musicians and instrumental soloists.

In other words the carnival end of the State Fair this year will be what it ought to be—well produced, well fitted and well managed.

Cavalry, artillery, air scouts and polo teams from the United States Army will, it is believed, form a big encampment in the race track infield during the run of the State Fair. This will be a big feature with visitors, as a splendid army program will be assured. The program will be entirely different from that which created so much interest last year. Artillery drills, exhibitions by the aerial branch of the army, cavalry drills will make a realistic war presentation that will be both educational and thrilling.

Killed a Black Cat.

Muskogee, Okla., Sept. 12.—Mr. and Mrs. A. S. Johnson attribute their hard luck recently to the fact that two weeks ago Mrs. Johnson asked her husband to kill a black cat, which he did.

The cat had not been dead more than two days when Mrs. Johnson was slightly injured at McAlester, where she had gone to attend a lodge meeting, when a section of the flooring gave way. A few nights thereafter she was riding in an automobile, which was wrecked, throwing her to the pavement and bruising her body badly.

Last week Mrs. Johnson fell and sustained a severe injury to her left hip. Yesterday Mr. Johnson sustained a broken collar bone. Both are now laid up at their home and all black cats are safe there from injury.
